

Ontario Weightlifting Association Membership Policy

According to the OWA bylaws ratified on March 23, 2013, only one category of membership exists; that is the membership category of **Regular**. Regular membership enables all bona fide registered OWA members the same rights and responsibilities within the organization other than annual fees. Fees are designated by the members' role (athlete, coach, technical official, etc.).

A registered member must be a Canadian Citizen, permanent resident or temporary resident and must be able to provide proof of citizenship or resident status upon request. Temporary residents may NOT set provincial records or represent Ontario at national and international events. If the member resides in Canada, the member must be a permanent resident of the Province of Ontario. If the member does NOT reside in Canada, the member must provide proof that they were a resident of Ontario before leaving Canada and that they are still a Canadian Citizen.

In principle, all registered OWA members support the organization's mission, vision and objectives. A registered member also agrees to abide by OWA bylaws, policies, rules and regulations. Regular members with athlete or coach memberships are also required to be a member of a bona fide registered OWA Club for a minimum of one year/season. If an OWA Regular member chooses to change their Club membership mid-season, the member must continue to represent their original Club until the season is complete unless a Club Transfer application form is received by the OWA.

OWA membership is from April 1 to March 31 inclusive with the annual membership fee determined by OWA Executive Board.

The OWA membership fee structure is:

Elite Athlete (\$80) The Elite Athlete rate is for athlete members wishing to train and compete at any Elite Competition*, and who have met qualification standards where required. Note: refunds will not be issued if an athlete fails to make qualification standards once an Elite Athlete membership is purchased).

General Athlete (\$50) The General Athlete rate is for athlete members wishing to train and compete at any General Competition**. (Note: athletes may upgrade from General to Elite mid-season if qualification standards are met).

Juvenile/Youth General Athlete (\$25) The Juvenile or Youth General Athlete rates are for athlete members 17 years of age and under (calculated in the athlete's year of birth at the beginning of the season) wishing to train and compete at any General Competition**. (Note: athletes may upgrade from General to Elite mid-season if competing at an Elite competition).

Non-Competitive (\$35) The Non-Competitive rate is for members who train under an OWA-registered club but do not wish to compete.

Coach/Technical Official (\$35) The Coach and Technical Official rates are for coach and/or technical official members who do not compete. Coaches and Technical Officials who also compete should purchase either a General or Elite Athlete membership and provide their coaching and/or technical official level.

Volunteer (\$2) The Volunteer rate is for members who exclusively perform volunteer roles. Examples include, but are not limited to, loaders at sanctioned competitions; club directors who do not also coach, officiate or compete; parents; and drivers.

Lifetime (Complimentary) The Lifetime Membership is complimentary and has been established for OWA members who have been recognized as members of the 35-Year Club.

Club (\$60) Club membership is established for OWA Clubs who participate in Olympic-style weightlifting in Ontario by hosting events or by having athletes, coaches or technical officials who participate at OWA sanctioned events. **As of April 1, 2021, all clubs must have, at minimum, one coach who is NCCP Competition Introduction in Training.**

**Elite Competition: Any OWA-sanctioned competition that requires achieving a qualifying standard to enter, the Youth/Junior Ontario Championships, and any out-of-province, national or international competition.*

***General Competition: Any OWA-sanctioned competition from club level to open that does not require achieving a qualifying standard to enter and that is not a provincial championship.*

Review and Approval

This Policy was last reviewed and approved by the Board of Directors on July 27, 2020.
